- Pashto

ABOUT ME

Aspiring Data Analyst with hands-on experience in Python, Pandas, and Exploratory Data Analysis (EDA). Skilled in data cleaning, visualization, and extracting meaningful insights from datasets to support data-driven decisions. Currently expanding knowledge in Data Science and Machine Learning while strengthening analytical and problem-solving skills.

WORK EXPERIENCE

Data Science Intern

2025 – present

Devsil.com

- Working as a Data Science Intern and gaining hands-on experience in Data Science and Machine Learning.
- Learning and applying Python, Pandas, NumPy, and data analysis techniques.
- Performing data cleaning, exploratory data analysis (EDA), and visualization.
- Developing understanding of machine learning concepts and real-world data problems.

DATA ANALYSIS PROJECTS

Google Play Store Market Analysis | Python, Pandas, Seaborn
Customer Churn Analysis | Python, Scikit-Learn, Matplotlib

EDUCATION

Hazara University Mansehra

2024 – 2028 (expected)

Bachelor in computer science
